Satanists start wars to kill the goyim, especially Christians and assimilated Jews.

Wars destroy Christian civilization, kill patriots, and concentrate wealth and power in Illuminati hands. Freemasons on both sides initiate every major war. Ukraine and Gaza are not exceptions.

This collection, the first since *Illuminati 3 – Satanic Possession* (2014) explains that an ancient, diabolical conspiracy is now reaching fruition.

We gave our national credit cards to people who hate and destroy us. The money supply is the lifeblood of the economy. The Rothschild banking cartel creates the money supply out of thin air as a debt to themselves. Our governments are capable of doing this debt-and-interest free. The Rothschilds plan a third world war to ensure they never do.

Trump, Putin and Netanyahu belong to Chabad., a Jewish supremacist doomsday cult that controls Organized Jewry and consequently the world.

To fulfill "biblical prophecy," Chabad is plotting a nuclear apocalypse to summon the "Messiah."

Chabad regards all non-Jews as insects born to serve the Jews. Squatters on the planet earth, "non-Jews" must be evicted. "Jew" is defined by the embrace of Lucifer not by race.

Racial Jews who reject the Jewish Antichrist will be exterminated along with Christians.

The source of all our problems and addictions: Satanists have severed our soul-connection to God.

A Must Read

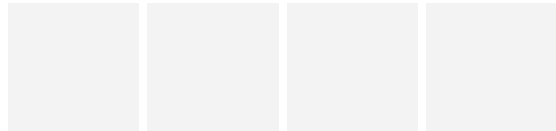

Reviewed in the United States on September 6, 2025

Format: Paperback   **Verified Purchase**

I actually purchased the book while the author was speaking on Caravan to Midnight a month. I knew within 20 minutes of the author speaking that this book would have information that I needed to know. It did!

Every free-thinking man and woman must have this knowledge in their head to understand the past, present and future because if everyone understood this information, the Earth would know peace in short order.

The table of contents in the attached photos says it all.

Everyone should read this book. If you are wondering why the world seems so crazy and screwed up, this book will help you understand. Reading this is like taking the "Red Pill" in the Matrix. Wake up!

Henry Makow's Latest

Reviewed in the United States on March 7, 2025

Format: Paperback   **Verified Purchase**

"Illuminati 4: Genocide & War" is written by Henry Makow, one of the most informative political commentators of our time. He understands the satanic nature of the geopolitical system we live under, and how it is implemented by Talmudic Zionists and ranking Freemasons. The book is very up-to-date—published in January 2025, but already discussing Trump and such recent figures as the WEF's Yuval Noah Harari (who calls humans "hackable"). The book is an eye-opener, and I found plenty of facts I hadn't known before. Henry covers a lot of territory, from vaccines to money to gender issues. And of course, there is his usual wit. I really appreciate his dedicating the book to the late Barbara Lee, the beloved Internet humorist whose death was the result of the very system Henry describes. Highly recommended!

**Cannot adjust Kindle tiny print**

Reviewed in the United States on March 31, 2025

Format: Kindle **Verified Purchase**

The Kindle version pages have tiny print. There is not the usual ability to make them larger as in all kindles I've ever purchased. You can only enlarge a tiny bit which makes the reading and adjusting the size frustrating. You can only read at a slower pace. The content is outstanding, however. I can only hope for a free update by Amazon as it has done before on several books.

**Of Historic & Contemporary Importance**

Reviewed in the United States on July 1, 2025

Format: Paperback

Even regular followers of Henry Makow's website will benefit from this latest book of Henry's, as well as all prior ones. Henry doesn't just provide followers with the latest snippets of world news and outtakes of suppressed history, he provides insights on the interpretation of current events based upon the recorded plans and actions of the Illuminati from the past so that we may not be doomed to repeat it.

The players in the Illuminati scheme for world rule, and our destruction in the process, have repeatedly expressed and played out their objective for world rule. But the continuity of this through history is so obscured by conventional historians and the media it is not evident but to the most keen and determined observers. It is here that Henry helps us all by revealing

the puzzle pieces and how they fit together. This is why his predictions are so prophetic - Henry is astutely aware of what has come before and is unfolding again now. Things are never as they seem. To be forewarned is to be forearmed.
